

Making the Difference in Medication

Since its beginning, the European Association of Hospital Pharmacists (EAHP) has been growing and evolving through time, and at the occasion of the its 40th anniversary, a comprehensive history book of the association was published.

Many challenges have been encountered since its creation, and we are happy to say we have successfully faced them, helping the professionals in their condition and level of expertise as well as improving the level of care received by patients.

If you would like to order our history book "Making the Difference in Medication", please contact [info\[at\]eahp\[dot\]eu](mailto:info@eahp.eu) ^[1]

Book price: 20,00 Euros

Last update: 16 April 2014
