

Standard 4: CPE Activity Objectives (Continued)

Relative to taxonomies of learning, ACPE CPE activities will fall along a continuum of learning, starting at Knowledge, moving through Application, and ending at Practice. Learning across this continuum will generally progress from being more cognitive, theoretical and shallow at the knowledge end to becoming more practical, applied and deep at the practice end, including additional elements from psychomotor and affective domains that emphasize the systematic application of content, skills and attitudes to real-life practice.
