Pharmaceutical  
Federation

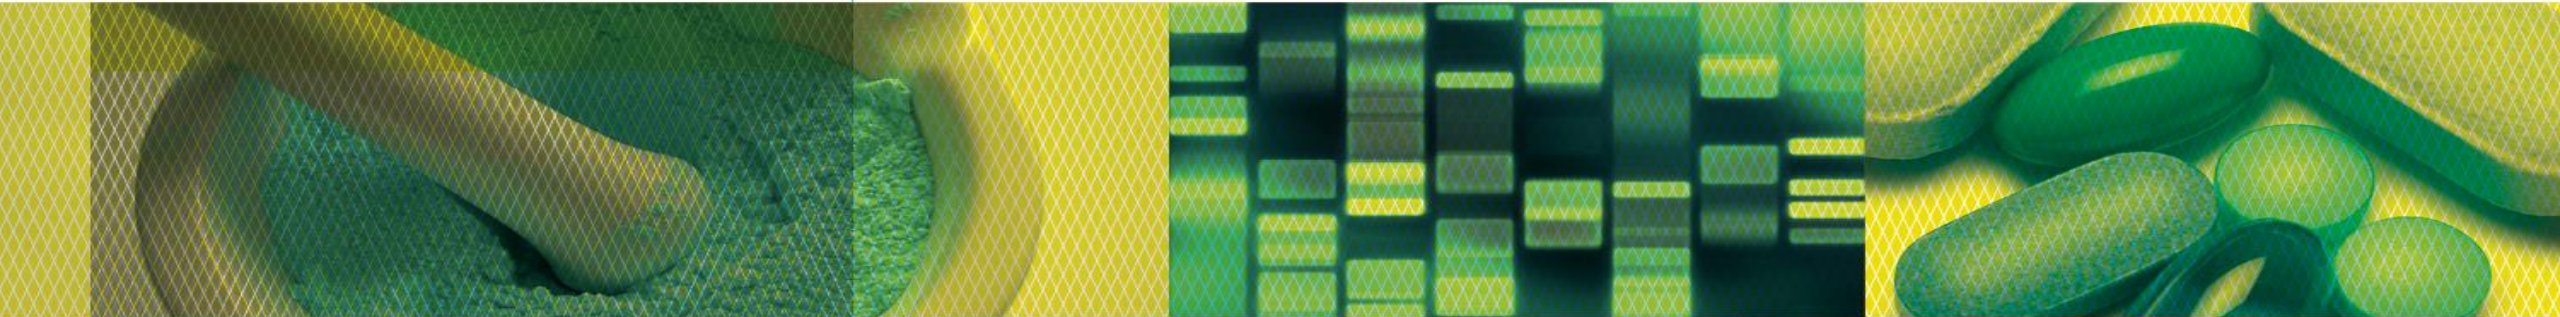

# European FIP Regional Engagement Meeting

*27 July 2021*

---

**Chair- FIP CEO Catherine Duggan**

*Collaborating across the regions of the world*

**ADVANCING  
PHARMACY  
WORLDWIDE**

# Housekeeping

---

1. Feel free to use the chat box and Q&A box.
2. We will be asking questions throughout the meeting, you might need some time to answer these questions. Feel free to share your answers by chat box or follow up by an email after the meeting.
3. This meeting will be recorded. We will share slides and recording after the meeting.
4. There will be English subtitles today and we will follow up with the slides/meeting minutes.
5. We have colleagues from our Sections, we will allow them to present, if time permits. We would love for our Sections to use the chatbox and have a 2 way communication.
6. Some of our colleagues from Europe will not join today because of annual leave. We have sent them two proposed dates:
  - *Thursday, September 2nd (11.00-13.00 h CEST)*
  - *Friday, September 3rd (14.00-16.00 h CEST)*

# FIP Regional Engagement Meeting

## *Purpose of the meeting*

---

*Engagement*

*Information sharing*

*Feedback and updates since April*

*Sharing and planning next steps*

# FIP Regional Engagement Meeting

## *Agenda items*

---

1. Opening, apologies for absence and adoption of the agenda
  2. Member and regional engagement
  3. Feedback from members
  4. Plans for pandemic preparedness- WHO initiative and FIP wide approach by end of year
  5. ONE FIP plans to 2023
  6. FIP reports underway for 2021
  7. Summary of all regionally focused digital events
  8. UPDATES since APRIL and ONE FIP programmes
  9. Any other business
  10. Closing
-

## Agenda Item 1 : Opening

**Welcomes, apologies for absence, adoption of the agenda**

- *Bram Wagner, IPSF Chairperson of EuRO*

# *Presidential reflections*

---

**President Dominique Jordan**  
*International Pharmaceutical Federation*

# Principles of working

---

- Trust – Solidarity - Actions
- No competition only collaboration
- We will achieve more together
- Interested in ALL our members
- Pharmacy leaving no one behind
- Partnership
- Engaging and working with our members to transform the ONE-FIP vision into action.

# Reflections

*We would like your considerations.....*

---

- As we have said, 2021 is the second year of no face to face meetings, so we have made our focus on a year of member engagement, where we update you, inform you and seek your priorities and projects for the years ahead.
- We are interested in your thoughts on these regional meetings
- ***POLL: Please score between 1 and 10, where 1 is not engaging or informative and 10 is completely engaging and informative***

## Agenda Item 2:

### Member and regional engagement

---

- April 2021 regional engagement meetings
- Reflections/Actions/ Next steps
- Feedback from our needs assessments - Multinational Education and Training Needs Assessment project (METNA)

## Agenda Item 2:

### Member and regional engagement

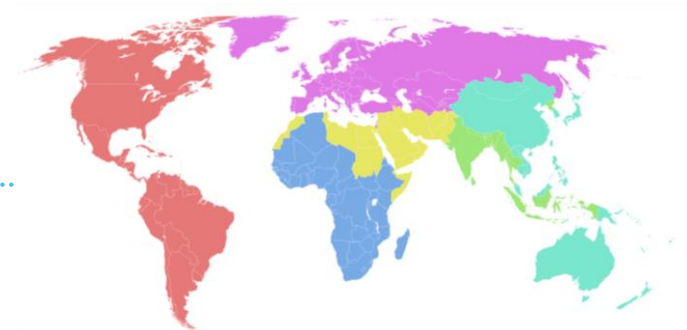

---

- **April 2021 regional engagement meetings**
- Reflections/Actions/ Next steps
- Feedback from our needs assessments - Multinational Education and Training Needs Assessment project (METNA)

# What we did in the April regional engagement meetings?

---

1. We asked our members for their *top 3 priority development goals in 2021 in their country*
2. Representatives from member organisations presented their priorities in the meeting.
3. We followed up with other member organisations who didn't submit their priorities.
4. We have been conducting many HLMs with members
5. We launched the provision and prioritisation survey
6. We are developing a plan for each region that addresses both the needs and the gaps
7. NOW we are mapping global, regional and national priorities

# Statistics Slide – Engagement Statistics

---

1- Number of invitees ≈ **492 invitation**

2- Number of total meeting hours ≈ **720 minute ≈ 12 hours**

3- Number of responses from members to the engagement activity ≈ **36 response**

4- Number of questions that were asked by the team ≈ **16 questions**

- 1- Total number of emails sent > **400 email**
- 2- Total number of prep meetings ≈ **4 prep meetings**

We are asking that the remaining member organisations submit their top priority development goals to align with our next steps

# Attendance stats from the April regional engagement meeting

---

**Countries = 25 / Members = 35** (Mos = 31 / Oos = 4)  
**Total attendees = 59**

Region	Total number of invitees	Number of invitees (contacts from Mos/Oos)	Number of attendees	Number of attended members (Mos & Oos)	Number of attended countries	Number of responses to engagement activity
Europe	178	115	59	35	25	16

## Agenda Item 2:

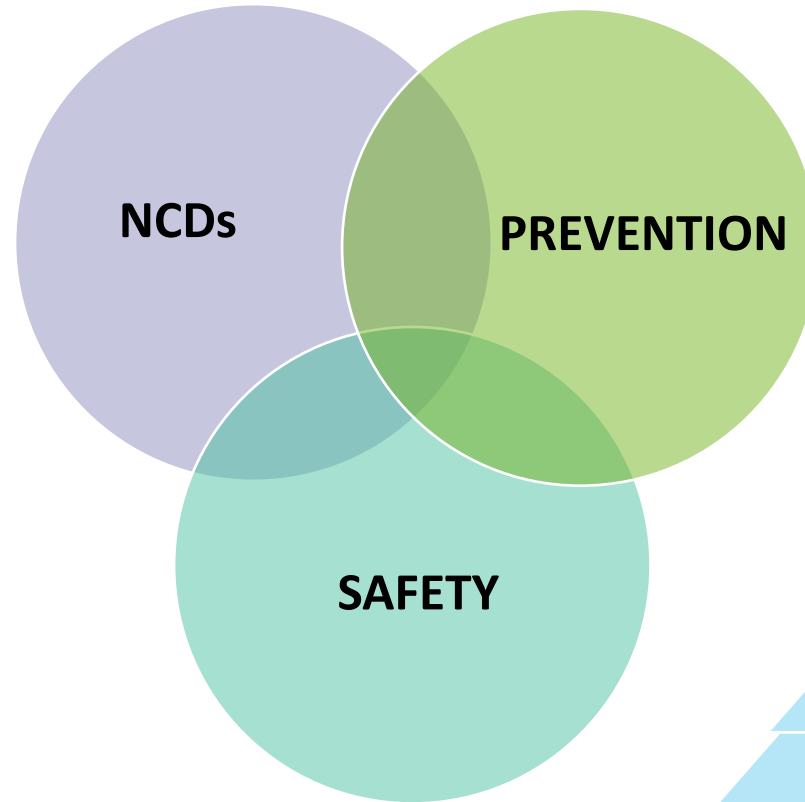

# Member and regional engagement

---

- April 2021 regional engagement meetings
- **Reflections/Actions/ Next steps**
- Feedback from our needs assessments - Multinational Education and Training Needs Assessment project (METNA)

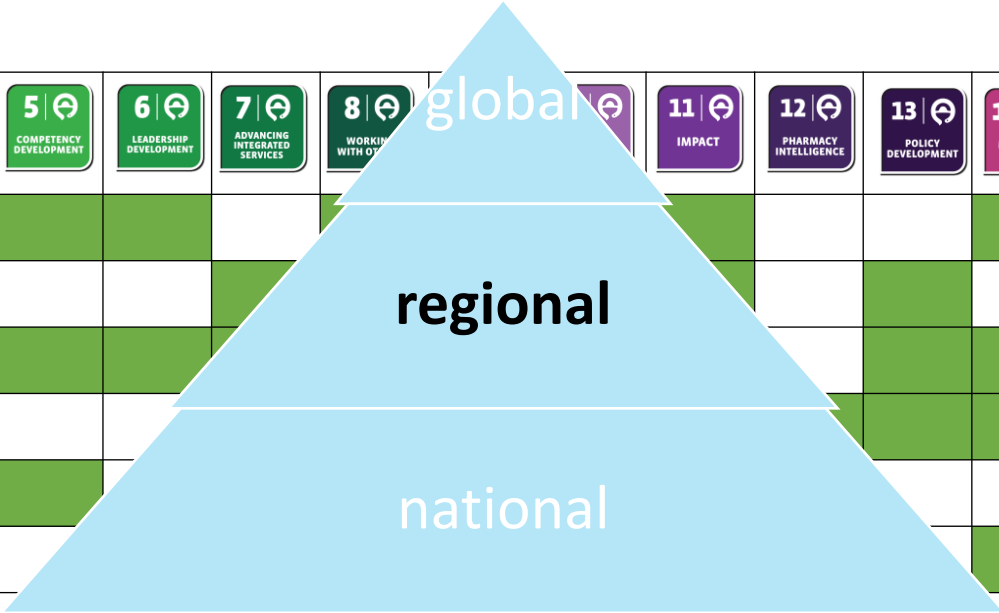

# Next steps

- *Map (and chase) Member priorities*
- *Collate per DG*
- *Compile per region*
- *Link to the FIP priorities*
- ***These are the “Astana” priorities, we have 2-3 others***
- *Describe journey to 2023*

### Member and regional engagement

---

- April 2021 regional engagement meetings
- Reflections/Actions/ Next steps
- **Feedback from our needs assessments - Multinational Education and Training Needs Assessment project (METNA)**

# Overview of data collection

N = 26 countries

21 countries (26 member organisations (MOs)) have responded to the survey. Reminders have been sent regularly.

**Early education and training**

1. Academic Capacity: Focus on quality assurance of undergraduate education and early years education and training. This is to ensure pharmacists fit for purpose at registration.

2. Post-graduate Education: Would you describe this as a priority for your organisation?

3. Quality Assurance

**Contextual comments**

DG1: There is a debate on that – Government think we need think we have enough. We can have a little more. No regulatory going on with pharmacy technicians.

DG2: Career development -

**Development of the workforce including advanced practice**

4. Postgraduate Education: Focus on national systems for career development in developing medicines expertise for patients with multiple medicines and multiple long-term conditions.

5. Quality Assurance

9. Academic Capacity: Would you describe this as a priority for your organisation?

14. Postgraduate Education

15. Quality Assurance

**Contextual comments**

National and Regional Liaison officers' assistance with conducting interviews and meetings based on a pro-forma topic guide. 21 countries (24 MOs) have been interviewed.

3 Findings	
FIP DG and general description	Information
1. Academic Capacity	
2. Postgraduate Education	all pharmacists must undergo licensure exam – to ensure the minimum standard; there is also policy in pharmacist's requirement, type of certificate expected & visit PQIR, Bahrain law – for Bahraini pharmacists to be employed. Those who want to work in Bahrain – there will be verification of certification.
3. Quality Assurance	When doing the national accreditation – quality services that pharmacists provided. Facility, management and safety, pharmacy services that they provided, the evaluation of pharmacists within the facility, provision of care – include all medication management in pharmacy services mapped to accreditation standard. All policy is driven by pharmaceutical law. Three pillars of HC system – Supreme council of health (policy maker – responsible for UHC, accountable for impact), MoH and NHQA (regulator), vaccination program – MoH – public health department
4. Postgraduate Education	Challenges: development of biosimilar/bioequivalence, pharmacovigilance. No local programme in clinical pharmacy/subspecialist – need training for subspecialist programme. No specific scholarship to support this training.

21 countries (25 MOs) are included in the quantitative analysis and 21 countries (24 MOs) are included in the qualitative analysis.

Invitations to organisations

Part 1: Survey

Part 2: Engagement Interviews

Needs assessment analysis

Comms and tools were translated to Arabic, Chinese, French, Japanese, Portuguese and Spanish.

# Current Executive Summary: Key messages

## Ongoing policies and programmes

Patient safety, people-centred care and competency development are the main areas of activity for the member organisations, but remain under-developed.

## IPE and IPC

There is a need for recognition of pharmacists by other healthcare professions – this is linked to interprofessional education and collaborative practice.

## Metrics and intelligence

Pharmacy intelligence is lacking – this needs building to support addressing gaps in education and training.

## CPD and competency development

- Variance in delivering CPD strategy across the globe and a plurality of CPD provision.
- Workplace training and professional portfolios are not common; leads to opportunities to develop programmes to support this.
- Competency-based education needs further development (including early career and advanced/specialist); scope of practice is not always defined
  - *Opportunity to provide early years foundation training focusing on people-centred care.*
  - *Training gaps, for example - consumer healthcare education programmes on smoking cessation.*
- Pharmacy technicians are a part of the workforce worth considering for workforce development (*eg. consumer healthcare*); significant training gap in the provision market.
- Advanced and specialist training is a clear need (gap) worldwide. "FIP Masterclass" concept (*in clinical topics or clinical leadership, etc*).

## Agenda Item 3:

### Feedback from members

---

- Presenting back priorities and needs across the region and alignment with the FIP business plan
- Feedback from our needs assessments - Overview of results from the prioritisation survey
- Members' engagement activity

## Agenda Item 3:

### Feedback from members

- 
- **Presenting back priorities and needs across the region and alignment with the FIP business plan**
  - Feedback from our needs assessments - Overview of results from the prioritisation survey
  - Members' engagement activity

(Filter per DG, nation, region, global)

## **Collect and identify data and resources**

- Need to gather data about needs assessment / priorities into **ONE DASHBOARD**
  - A- Regional Engagement Meetings*
  - B- FIP-GPO METNA project*
  - C- Transforming Vaccination programme*
  - D- HLMs*
  - E- Needs/Priorities-Assessment Surveys*
  - F- Others to be identified*
- Section to summarise how we obtained data about our members' and regions' goals and needs
- Can be called "gathering intelligence" or "collecting and analyzing data."
- Inputs-> Outputs -> Needs & Priorities

## Agenda Item 3:

### Feedback from members

- 
- Presenting back priorities and needs across the region and alignment with the FIP business plan
  - **Feedback from our needs assessments - Overview of results from the prioritisation survey**
  - Members' engagement activity

- Feedback from our needs assessments - Overview of results from the prioritisation survey - [Video](#)

## Activity -2-

*What else would you like to see in terms of data visualisation?*

---

We have just presented some data about your priorities and projects, your areas of expertise and experience.

What other data would you like to see visualised.

*SCAN THE QR CODE*

*OR*

*Go to <https://www.menti.com>*

*Use the code: **7940 1099***

# Activity -2-

## What other data would you like to see visualised?

Mentimeter

membership numbers

the contact data of the member organization from the countries

Proyec with others

Quantitative stastical data on eg number of pharmacies, pharmacists etc

Rémunération Data

Performance and progress against targets

Best practices, projects, examples that are linked to DGs with contact information

The type of pharmaceutical services and the degree of its implementation

Benchmarking data

# What other data would you like to see visualised?

It would be nice to have an option to filter data also according the specialisation/sector

Portraits of champions, subject matter experts

Difficulties and problems with goals

Paid pharmaceutical services

Key performance indicators for pharmaceutical services

Professional services

Best practices, projects, contacts

Vacunation

Chronics

# What other data would you like to see visualised?

Remuneration

## Agenda Item 3:

### Feedback from members

---

- Presenting back priorities and needs across the region and alignment with the FIP business plan
- Feedback from our needs assessments - Overview of results from the prioritisation survey
- **Members' engagement activity**

## Activity -3-

*What is your perception of your country's health needs or priorities?*

---

In your opinion, what are the three top health priority areas in your country?

SCAN THE QR CODE

OR

Go to <https://www.menti.com>

Use the code: **7940 1099**

## Agenda Item 4:

**Plans for pandemic preparedness- WHO initiative and FIP wide approach by end of year**

---

# WHO pandemic preparedness *Three Phases*

*FIP to work independently*

## July to September-

Collation of all we have done since Jan 2020, map and track (visualise) the key outputs and responses every 100 days. FIP Team initiating this work now.

## September-

Present to Council and there we will gather priorities per MO / nations for preparedness

Also, across all sections / SIGs and constituencies

## October to December-

Compile the priorities

Publish the collation of work / 100 days and priorities

This will be submitted to WHO in line with their guidelines in November or December (depending on their plans to include non-state actors),

or as standalone plan for the profession.

This will inform the subsequent work for 2022.

# WHO pandemic preparedness and FIP plans

Use the compilations and visualisations to inform 2022 plans

Set out the work we need to do across FIP in 2022:

- Spotlight updates to policies / reports / reviews
- (eg: one pager addenda)
- Across sectors of practice / science / WF
- Across our DGs

Aligned to sustainability, alongside the narrative of ***pharmacy in 1,000 days of COVID:***

2020- responding to pandemic

2021- living during the pandemic

2022- preparing for future pandemics

# FIP pandemic preparedness

TO INCLUDE:

- Regulatory self-assessment tool
- Covid guidelines
- Digital education report
- Resilience of workforce digital events (conclusions)
- Compiling pearls from digital events
- Policy tools:
  - medicines shortages statement (adapt for pandemic situations?)
  - vaccination call to action
  - letter to ministers of health
- Workforce capacity and capability report: adapt and reinforce messages to pandemic situations
- Task shifting and task sharing (workforce flexibility for system resilience)
- Identify new services introduced during the pandemic and make them part of regular scope of practice (adapting regulatory frameworks and competency profiles of pharmacists)

# Agenda Item 5:

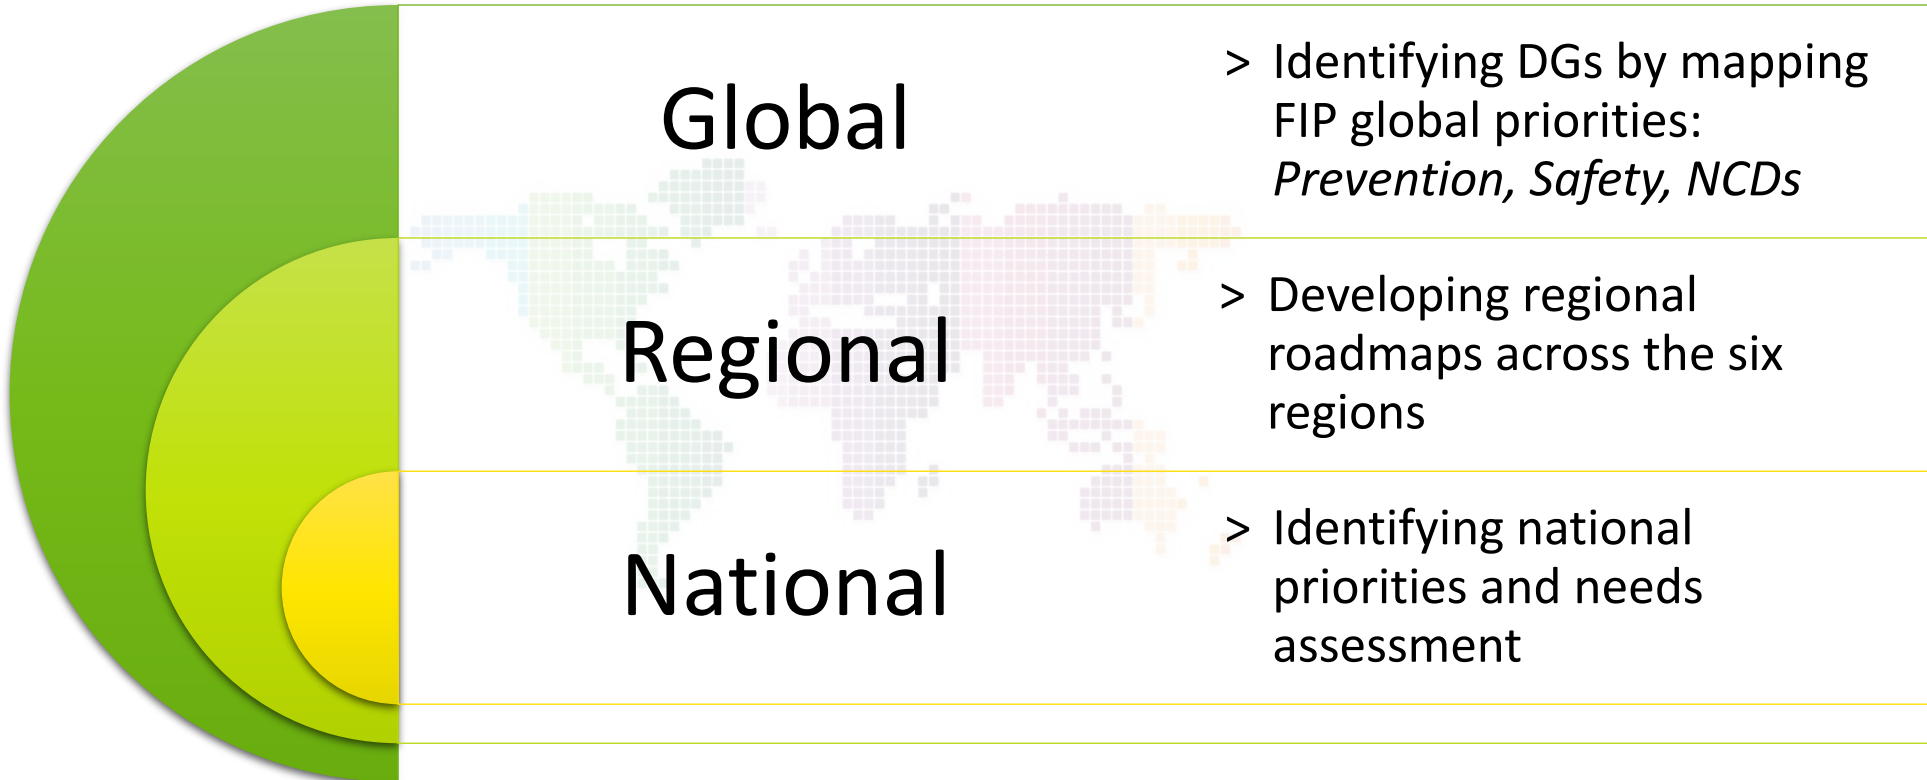

## ONE FIP plans to 2023

---

# Collating our work on DGs across FIP and regions

*Global, regional and national prioritisation*

**fip** | DEVELOPMENT GOALS

# FIP Development Goals- stage 1 2021, then the decade ahead

*Global FIP priorities: Prevention, NCDs and Safety*

**FIP priorities mapped to the FIP Development Goals**

**Identify the common Goals across the 3 priorities**

**Provide focus for priority areas for implementation of our Astana commitment**

**Provide focus for indicator development**

# Plans for the “2030” decade ahead publication- delivering the DGs

Externally facing visionary document

To set out the plans and priorities for the decade ahead to 2030 for our DGs. Alignment with SDGs and evidence of how pharmacy can and will (and does) deliver UHC through FIP programmes and strategic mechanisms. We have 2023 as a key deliverable date.

**Format:** Includes digital content and PDF version

Pulling together all the work we are doing at FIP across all constituencies PLUS regionally and through our member organisations, nationally

**Title:** TBD – working title Global 2030

**Timeline:** To be delivered December 2021

## Agenda Item 6:

**FIP reports underway for 2021**

---

## Two reports in 2021-2022

---

- **Global report-** following the narrative in our big picture slides, we set out all the work underway to 2030. Name tbc. This is a strategic document laying out a 10 year plan, which will ensure all strategic imperatives are met and delivered in the decade ahead, linking the DG work of our constituencies and our members, regions. First anchor point is 2023.
- **Membership engagement report-** detailing the outputs and learnings from member engagement meetings and strategies to support a new way to engage, to meet their needs more proactively (customising our offerings) and to gather data as we go. This is an engagement report linking to our membership strategy (retention / recruitment / growth / relationship building)
- We will of course cross reference and provide these as digital resources which link across our website. And publish versions digitally with some hard copies.

## Agenda Item 7:

### Summary of all regionally focused digital events

---

# Feedback and learnings

## *What has gone well, what we can learn from*

---

- 118 events in 2020, now planned nearly 200 events in 2021 (to Q1 2022).
- 2020, we had to respond, react and regroup
- 2021 we wanted to take a more interactive approach, engage and involve all FIP in events / programmes and support you with events where at all possible.

# Digital events with a regional approach, in collaboration with the Regional Forums

1. Transforming Vaccination
2. Primary Healthcare
3. The role of the pharmacist in the prevention and management of vector-borne diseases(April-September)
4. Understanding and managing headaches in the

PROGRAMA "ENFERMEDADES TRANSMISIBLES: PREVENCIÓN, DETECCIÓN Y GESTIÓN" "ENFERMEDADES TRANSMISIDAS POR VECTORES: PREVALENCIA Y PRIORIDADES REGIONALES" Objetivo de Desarrollo de la FIP

**EL FARMACÉUTICO EN LA PREVENCIÓN Y MANEJO DE LAS ENFERMEDADES TRANSMISIBLES POR VECTORES: UNA PERSPECTIVA DE LA REGIÓN DE LAS AMÉRICAS**

FECHA 21 de abril de 2021 HORA 20.00 - 21.30 CEST (12:00-13:30 hora de Costa Rica)

Este evento será presentado en idioma español

**PONENTE**  
**Cristina Fernández Barrantes**  
Farmacéutica, Coordinadora  
Centro de Información de Medicamentos del Servicio de Farmacia del Hospital San Juan de Dios (Costa Rica)

**MODERADOR**  
**Gonçalo Sousa Pinto**  
Director de Desarrollo y Transformación de la Práctica Farmacéutica FIP (Portugal)

**PONENTE**  
**Nuria Montero Chinchilla**  
Directora de Práctica Farmacéutica Foro Farmacéutico de las Américas (Costa Rica)

**FACILITADORA**  
**Yajaira Quesada Rojas**  
Secretaria Técnica Foro Farmacéutico de las Américas (Costa Rica)

**PONENTE**  
**Sofia Segura Cano**  
Farmacéutica, Coordinadora Programa Institucional para la Persona Adulta y

FORUM PHARMACEUTIQUE AFRICAINE fip ADVANCING PHARMACY WORLDWIDE

# FIP Commission on antimicrobial resistance (AMR)

## Regional events

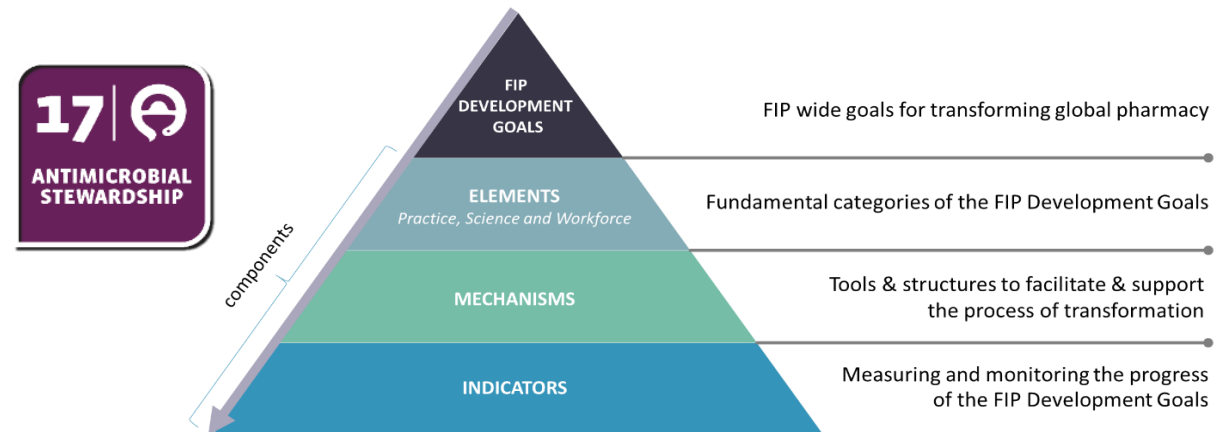

### ✓ Events:

- ✓ **Social media campaign to support World TB day done on 24 March 2021**

- ✓ **Plans to deliver AMR-related events for World Antibiotic Awareness Week in November 18-24**

- ✓ 6 regional events
- ✓ Global plenary
- ✓ FIP Development Goal #17 event

# Transforming Vaccination

*Building on the 2020 programme*

**Sep-Dec 2020:**

***FIP Transforming Vaccination Regionally & Globally***

*The 1<sup>st</sup> FIP digital transformation outcome-based online programme*

*Underpinned by the FIP Development Goals (FIP DGs)*

**June-Nov 2021:**

***Transforming Vaccination Globally, regionally, nationally:  
Accelerating Equity, access and sustainability through  
policy development and implementation***

**Series 1:** Identifying transformation needs

**Series 2:** Setting transformative goals

**Series 3:** Committing to transformation

**Resulted in:**

Global FIP Commitment to Action on Vaccination in Pharmacies & FIP Transforming Vaccination Collection

**12 events over 2 series**

**Series 1:** Towards equity in vaccinations globally

**Series 2:** Sustainability in vaccinations regionally and nationally

# Series 2: Sustainability in vaccinations regionally and nationally

## Regional roundtables

30-Sep	16:00-17:30 CEST	Sustainable and equitable access to vaccines: Establishing priorities and setting policies in the <b>Americas region</b>
7-Oct	11:00-12:30 CEST	Sustainable and equitable access to vaccines: Establishing priorities and setting policies in the <b>Eastern Mediterranean region</b>
14-Oct	13:00-14:00 CEST	Sustainable and equitable access to vaccines: Establishing priorities and setting policies in the <b>European region</b>
26-Oct	10:00-11:30 CET	Sustainable and equitable access to vaccines: Establishing priorities and setting policies in the <b>South East Asian region</b>
28-Oct	09:00-10:30 CET	Sustainable and equitable access to vaccines: Establishing priorities and setting policies in the <b>Western Pacific region</b>
4-Nov	11:00-13:00 CET	Sustainable and equitable access to vaccines: Establishing priorities and setting policies in the <b>African region</b>

# Series 2: Sustainability in vaccinations regionally and nationally

## Episode 8

# Pharmacists' experiences in crises in Lebanon: The Lebanese financial crisis, COVID-19 pandemic, and the Beirut Port blast

**Date** 3 August **Time** 13:00 CEST

"COLLABORATING THROUGH  
THE PANDEMIC -  
WORKING & LEARNING  
TOGETHER"  
FIP COVID-19 Digital Events  
Programme

Moderator

**Catherine Duggan**  
CEO, International Pharmaceutical  
Federation (FIP)  
(The Netherlands)

Panellist

**Dalia Bajis**  
FIP Lead for Provision  
and Partnerships, FIP  
(Bahrain)

Panellist

**Marwan Akel**  
Chairperson, Lebanese  
International University  
(Lebanon)

Panellist

**Waël Abi Ghanem**  
Chief Pharmacist, Saint  
George Hospital UMC  
(Lebanon)

Panellist

**Alicia Peña Bizama**  
Chartered Counselling Psychologist and an  
Occupational Psychologist, University of  
Reading  
(UK)

Panellist

**Betty Chaar**  
Associate Professor, School of  
Pharmacy, Faculty of Medicine and  
Health, The University of Sydney  
(Australia)

Panellist

**Luna El Bizri**  
Founder and Manager,  
Lunapharm Pharmacy  
(Lebanon)

## Agenda item 8:

### ONE FIP programmes and updates since April

---

- *Updates from Data Intelligence Commission*
  - *Updates from AMR Commission*
  - *NCD programme update across all Boards- linked to PRACTICE*
  - *UNITWIN / UNESCO update- linked to EDUCATION*
  - *Biowaivers project update- linked to SAFETY and SCIENCE*
-

## Agenda item 8:

### **ONE FIP programmes and updates since April**

---

Updates from the Data & intelligence commission

# ***FIP Data and Intelligence Meeting 05 July 2021***

## *Key messages*

---

- This was the third meeting of the Data and Intelligence Commission meeting with strong attendance from across regions and FIP boards and forums.
- A one pager on what success will look like for the GPO in the short and long term was approved by the Commission. These recommendations will be passed onto the GPO Steering Group for consideration.
- The commission were updated about FIP plans for global preparedness for the next pandemic.
- Advocacy, marketing and communications were discussed in depth in break out rooms. A set of recommendations for these areas will be developed by the Commission.
- The Development Goal 12 event will be held on 24 September. Members of the Commission were asked to contribute ideas for the event as the focus is pharmacy intelligence.

## Agenda item 8:

### ONE FIP programmes and updates since April

---

Updates from the AMR commission

# FIP Commission on antimicrobial resistance (AMR)

## *Action plan*

---

**Established a Core Group** with diverse representation from all WHO regions to translate 2018 FIP Policy into implementation

Establishment of a Core Group:

- **EUR:** Philip HOWARD, Leeds Teaching Hospitals NHS Trust UK
- **AFR:** Sabiha ESSACK, Univ of KwaZulu Natal, South Africa
- **WPR:** Debbie Goff, The Ohio State University, USA (with help of Fiona Doukas, Australia)
- **Americas:** Eduardo Savio, President of the Forum of Americas, Uruguay
- **EMR:** Dalal Hammoudi Halat, Lebanon
- **SEAR:** Manjiri Gharat, India

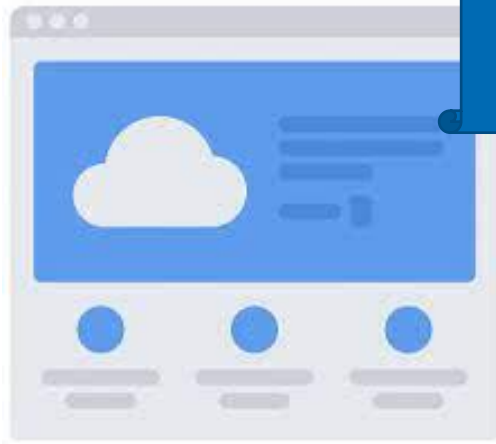

Plans to engage / link the members of the Commission with the Regional Forums – showcase best practices in November events

# FIP Commission on antimicrobial resistance (AMR)

## Action plan

### Action: Mapping existing resources

- Summarise available toolkits and publications
- for pharmacists in different regions / settings
- > create a repository useful for the countries

Selected Resources	
General	
Resource	Description
<a href="#">Global Handwashing Partnership: Webinars &amp; Modules</a> <sup>[1]</sup>	Educational materials. Modules on how to design, implement, and measure handwashing programs, with a focus on behavioral change.
<a href="#">Emergence and spread of antibiotic-resistant bacteria</a> <sup>[2]</sup>	Educational material. Narrated video-presentation from ReAct that describe how bacteria develop resistance and how bacteria can spread.
<a href="#">Antibiotic Resistance: the Silent Tsunami</a> <sup>[3]</sup>	Online course. This open online course on antibiotic resistance developed by ReAct and Uppsala University gives an overview on how misuse of antibiotics worldwide have lead to the rapid emergence and spread of antibiotic resistant bacteria and how to take action.
<a href="#">The problem of antibiotic resistance</a> <sup>[4]</sup>	Online course. Open course consisting of 11 lectures covering antibiotic resistance from basic biology to ethics and law. Includes quizzes after each lecture. Created by the University of Gothenburg, Sweden.
<a href="#">Gut Check: Exploring Your Microbiome</a> <sup>[5]</sup>	Online course. A massive open online course (MOOC) giving a tour of the human gut and its microscopic

Working with experts from the Commission and the partners they represent – e.g. ReAct toolkit

## Agenda item 8:

### ONE FIP programmes and updates since April

---

- *Updates from Data Intelligence Commission*
  - *Updates from AMR Commission*
  - ***NCD programme update across all Boards- linked to PRACTICE***
  - *UNITWIN / UNESCO update- linked to EDUCATION*
  - *Biowaivers project update- linked to SAFETY and SCIENCE*
-

# ONE FIP Practice Transformation Programme on Diabetes

## Aim

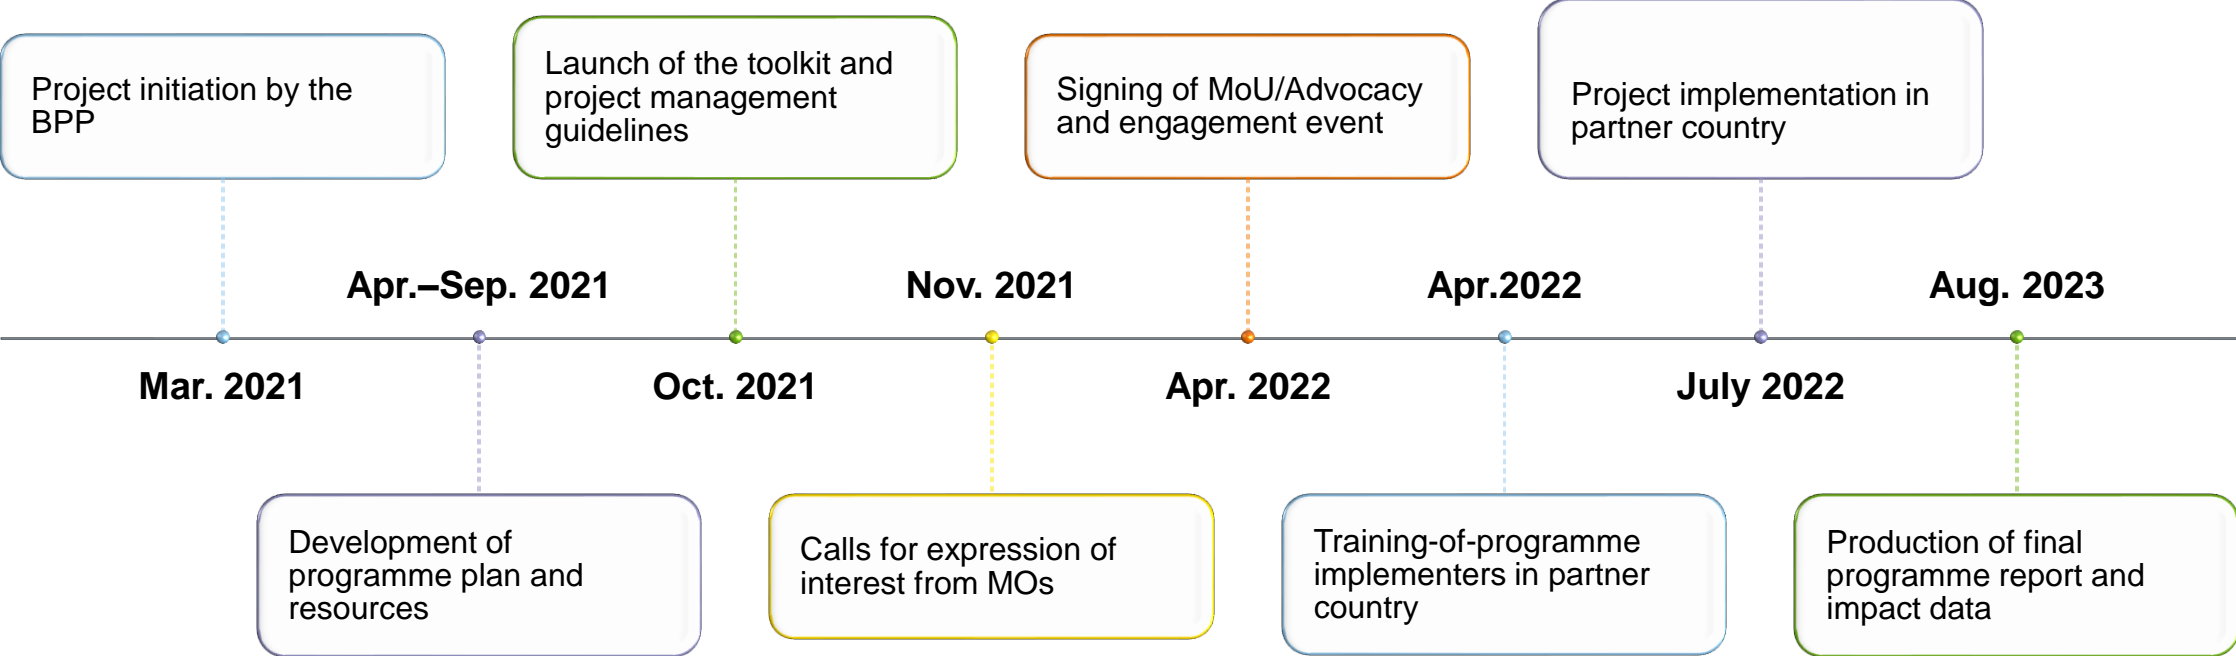

To provide tools and strategic support to FIP member organisations to develop and implement pharmacy services that can have a sustained positive impact in the prevention, screening, management, and treatment optimisation of diabetes, for improved patient outcomes and health systems efficiency and sustainability.

While the project will have a particular focus on low-and-middle-income countries, it will encourage implementation by countries of all income levels.

# Practice Transformation Programme on Diabetes - Deliverables

- ❑ A publications **TOOLBOX**
- ❑ Five webinars to present the publication and promote this service at global level (October-November 2021).
- ❑ Train-the-trainer digital course for service development and implementation
- ❑ Support for local implementation programmes which will be led by MOs.
- ❑ Annual Impact and Follow-up Reports (including country reports)

# Timeline

## Agenda item 8:

### ONE FIP programmes and updates since April

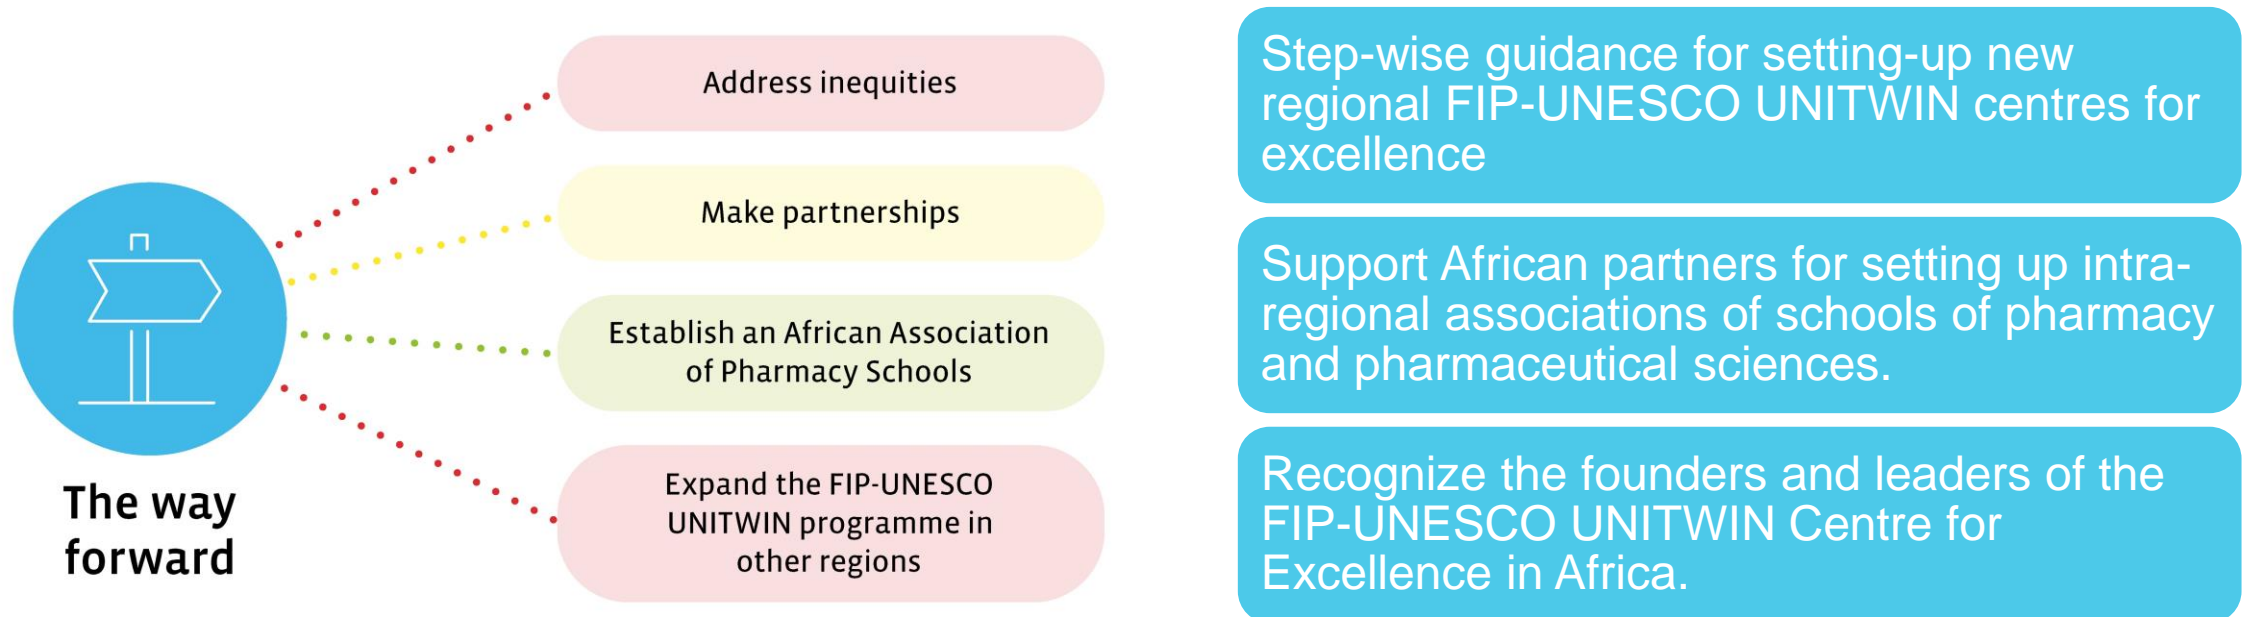

---

- *Updates from Data Intelligence Commission*
  - *Updates from AMR Commission*
  - *NCD programme update across all Boards- linked to PRACTICE*
  - ***UNITWIN / UNESCO update- linked to EDUCATION***

## Agenda item 8:

### ONE FIP programmes and updates since April

---

- *Updates from Data Intelligence Commission*
- *Updates from AMR Commission*
- *NCD programme update across all Boards- linked to PRACTICE*
- *UNITWIN / UNESCO update- linked to EDUCATION*
- *Biowaivers project update- linked to SAFETY and SCIENCE*

# WHO and FIP Collaboration on biowaivers

---

1. The ongoing work on biowaivers, in collaboration with WHO, is of huge importance to the ONE FIP agenda.
  2. The work links closely with the FIP vision for a world where everyone benefits from access to safe and effective medicines and pharmaceutical care and ensures the place of pharmaceutical science is core to the FIP vision.
  3. Given the focus on 2022 will be on safety, it is imperative for FIP to continue and consolidate this work in the coming months and use THIS programme as a BPS led ONE-FIP project.
  4. Focusing on the South Americas in the latter half of 2021, we can develop a regional to global approach This can then form a pathfinder approach across the other priority regions in 2022 (using learnings from UNITWIN) that we can roll out in 2022.
  5. Building collaborations and relationships across our partners in South America, we can develop a regional roadmap for the development and access to biowaivers.
-

# WHO and FIP Collaboration on biowaivers

## Latin America

- 33 different countries
- ~660 million people

## Regulatory challenge:

- ~50% of Latin American countries lack defined bioequivalence standards
- in countries where bioequivalence studies are considered, acceptance of BCS-based biowaiver requirements is heterogeneous.

## FIP Latin America Biowaiver Project (FIPLABP):

- To advocate for broader implementation of BCS-based biowaivers in the region by facilitating educational outreach and workforce development activities.

## Agenda item 8:

### Reflection

---

- *Updates from Data Intelligence Commission*
  - *Updates from AMR Commission*
  - *NCD programme update across all Boards- linked to PRACTICE*
  - *UNITWIN / UNESCO update- linked to EDUCATION*
  - *Biowaivers project update- linked to SAFETY and SCIENCE*
-

**Any inputs from our officers?**

---

# Academic Section Strategic Implementation Plan

The four goals of the plan are:

- **Educator and Career Development (People)**
  - Provide support for all educators using development tools, competency frameworks and educational scholarship;
- **Educational Programme Design and Assessment (Programme and Curriculum)**
  - Advocate and communicate outcome-based and needs-based education and training programmes and assessment strategies;
- **Sustainability (Membership and Resources)**
  - Develop financial resources and enhance membership size, engagement and commitment;
- **Collaboration and Communication (Connections)**
  - Implement and execute mechanisms of collaboration across FIP to advance and lead pharmaceutical education globally.

# AcPS Projects in Progress

1. The FIP Global Competency Framework for Educators, & Trainers in Pharmacy
2. The FIP WDG Indicators
3. Educational aspects of implementation and impact of health care services in pharmacy
4. Preparing students in pharmacy to be Life-long learners
5. Leadership Development - Online longitudinal study in collaboration with YPG
6. Build a repository for tools to develop the Scholarship of teaching and learning
7. Building academic capacity in LMIC
8. Learning for life – Public health campaigns at Academia.
9. CPD plan for pharmacists in different regions
10. Competency Based Education implementation handbook
11. Developing the training package for vaccination
12. Train-the-trainer session on Digital Health in Pharmacy Education
13. Train-the-trainer session on Teaching and Learning – for young academics
14. Digital health education report
15. FIP Live Twitter Chats: Enhancing online engagement across FIP and beyond
16. AcPS COVID-19 grant Project

# Activity -4-

---

- What could we include in future regional engagement meetings that you would be interested to see?

*SCAN THE QR CODE*

*OR*

*Go to <https://www.menti.com>*

*Use the code: **7940 1099***

# Activity -4-

What could we include in future regional engagement meetings that you would be interested to see? 

Successful provision partnerships- case studies

Continued interactive activities, similar to today

give 2 minute slots for each MO to present themselves

sharing best practices

An update per DG.

Interconnections between SIGs, Boards etc clarified and crosscutting activities highlighted

Interactice activities, sharing best practices; updates by organizations,

Agenda upfront

Policy agenda for advocacy towards EU, WHO, OECD etc

# Activity -4-

What could we include in future regional engagement meetings that you would be interested to see? 

Hearing from practitioners what direct impact the FIP work streams or programs have had

Their successful experience about pharmaceutical services- paid by Fond of insurance

Sharing best practices. Interactive activities

Education related to the structure of pharmaceutical services (diabetes, asthma, medicine review, new medicine)

## Agenda Item 9:

### Any other business

---

## Agenda Item 10:

### Closing

---

Date of the next meeting TBC

See you at the council meeting on the 16<sup>th</sup>-17<sup>th</sup> September

**Questions from our members ?**

---
