Subject: Support letter for Darija Kuruc Poje, M.Pharm. for EAHP Board elections

Dear Mr President,
Dear EAHP Bord Members,

On behalf of the Hospital Pharmacy Section of the Croatian Pharmaceutical Society we are sending a support letter for our candidate Darija Kuruc Poje, M.Pharm., for the EAHP Board elections.

Darija is very active for more than ten years in our Society in the area of hospital pharmacy and therefore our Society awarded her in 2015 for outstanding achievements in this field. Her skills, among others, include good hardworking, interpersonal, team player and organizational skills acquired as hospital pharmacy manager.

Furthermore, she was a member of the Organizing committee of the 1st and 2nd Croatian Congress of Clinical Pharmacy with international participation, in 2014 and 2017. She was also involved in the organization of an expert meeting in 2018 with the goal of sharing experiences on antimicrobial stewardship with all interested hospital managers and their teams as first hospital pharmacist in Croatia being the part of comprehensive antimicrobial stewardship team.

She is strongly motivated to take a possible role as a EAHP Board Member responsibly and to help in strengthening the role of hospital pharmacist as visible and valuable part of healthcare system.

We would be honored to have Croatian representative as a Board Member of your respectable association.

Yours sincerely,

Anita Šimić, M. Pharm.
President of Hospital Pharmacy Section
of the Croatian Pharmaceutical Society

Maja Jakševac Mikša, Ph.D.
Executive Director
of the Croatian Pharmaceutical Society
