

HTA stakeholder Pool

Reference EUPHA/2017/DZ/002 **Telephone** +31 30 2729 709

Date 9 March 2017

EUPHA – the European Public Health Association – would like to present Prof. Carlo Favaretti as the permanent representative of the Health Provider Group of the Stakeholder pool to the HTA network.

EUPHA is an umbrella organisation for national public health associations. Our network covers 40 countries in Europe and includes more than 15'000 public health professionals in Europe, ranging from practitioners (general practitioners, hospital staff, specialists) to researchers to policymakers. We are a non-governmental, independent organisation with a long history in European public health and a tradition of seeking partnerships.

EUPHA is organising theme-specific work in EUPHA sections. At the moment 21 EUPHA sections exists, ranging from injury prevention to health technology assessment. Our section on Health technology assessment is a network of over 550 HTA specialists working together to form one voice on HTA in Europe. The EUPHA candidate, Prof. Carlo Favaretti, is the president of the EUPHA section on Health technology assessment. He is an expert in HTA, has published numerous articles on HTA and is widely connected to stakeholders in the field. Prof. Favaretti is an excellent communicator and – with the help of the EUPHA office – will ensure regular and detailed communication to the Health provider group and the public health community in the widest sense possible.

On behalf of the EUPHA Executive Council,

Dineke Zeegers Paget, LL.M.PhD
Executive Director
