

24th February 2021,

Dear colleagues,

We are pleased to inform you that the French Collective for the Hospital Pharmacy in Europe fully supports Dr. Louis Bertin's candidacy for the EAHP Board of Directors.

With his proven experience at the European Commission (DG SANTE), the French Ministry of Health and now as Chief Pharmacist in a hospital, Louis would serve and represent the EAHP and its members in every possible way.

We hope that you will consider this application positively.

Best regards.
