6th February 2021

Dear Sir/Madam,

I would like to put myself forward as a candidate for the second term of the EAHP Board Membership. As a clinical hospital pharmacist with additional postgraduate education in European public health, I would like to continue my role in creating new perspectives for EAHP.

Throughout my first term as a Board member, I have been involved in numerous significant areas

- crucial problems of medicine shortages and representing EAHP with COST Action 15105
- promoting hospital pharmacy among undergraduate and postgraduate students
- building European Council for Pharmacy Education Accreditation (ECPhA)
- actively engaging with our European partners within Coalition for Vaccination
- linking hospital pharmacy to sustainable development goals (SDGs)
- strengthening relationship with EAHP member countries.

This was not always been easy, considering the challenges we were facing with, all together in European political, social and legislative arena throughout the times of a global pandemic.

My main goal as a board member in my second term would be building on achieved results and making EAHP more accessible to hospital pharmacists through local initiatives, such as Synergy Certification Courses, Workshops, Academy Seminars. This would address colleagues willing to exchange ideas and good practices in order to provide greater visibility of our profession among other health care professionals. Moreover, my goal would be to diversify financial streams needed for future EAHP sustainability, and spreading its influence internationally through creating new partnerships. My particular attention would be on developing, promoting and strengthening the ECPhA network and enabling EAHP educational programs from a true European perspective, when it comes to quality standards and cooperation with international partners.

I believe that the combination of my professional background, clinical expertise, and international experience I gained before and during my first Board term could prove useful in pursuing a second term throughout these challenging times. Thank you for taking the time to consider this application. I look forward to hearing from you soon.

Yours faithfully,

Nenad Miljković
