**Dr. Despina Makridaki - Greece**

cc

**EAHP Nomination Committee**

The Italian society of Hospital Pharmacy is glad to support the candidacy of Despina Makridaki from Greece for the renewal of her position as board member of the EAHP.

Italy and Greece share not only the same culture but mostly a common vision on the hospital pharmacy profession and we had a very close collaboration within the delegation of EAHP.

Despina is a hospital /clinical pharmacist for almost 34 years (head of pharmacy since 2002) and active member of Greek association board (PEFNI) for more than 18 years (vice-president, general secretary and president since 2013). She joined EAHP activities since 2003 (as delegate in GA, collaborate in all surveys and other activities and projects (like statements, CFTW), board member since June 2017 and, also member of Scientific Committee since 2014.

She is also very active in the oncology area ( delegate member for more than 14years in the European Society of Oncology Pharmacy ESOP), in the regulatory affairs about medicines and pharmaceutical policy in European level (member of the Management Board of European Medicine Agency and her service (2015-18) , as Vice President in the Greek Association for Medicines (EOF) with responsibilities in many areas like regulatory affairs, clinical trials, shortages, HTA, pricing and reimbursement, procurements (items in the board portfolio also). She is member of the advisory board of Pharmacy Faculty of Athens and in active collaboration with Pharmacy Students' Society.

She is also in active collaboration with Panhellenic Association of Patients as they honored Despina by asking her to be member of their scientific committee.

We strongly believe that her knowledge in both theoretical and practical fields are useful for EAHP, and that she shall continue working as hard as need for our professional improvement in Europe.

SIFO is honored to present a supporting letter for Despina, concerning her candidature for the EAHP board renewal.

Kind regards,

Arturo Cavaliere

President of SIFO
