To whom it may concern:

The Pharmaceutical Association of Serbia (SFUS) hereby declares its support of the nomination of Aida Batista from Portugal for re-election on the EAHP board.

In her position as a Vice-President of the EAHP throughout the years, she continuously supported hospital pharmacists across Europe through increasing their visibility and mitigating problems they are facing in everyday professional life, such as medicine shortages, public procurement challenges, medical devices application, common training framework developments and many more.

We believe that Aida Batista should continue her role in EAHP one more year in order to assure its continuity, share her valuable experience with other Board members, providing by that a safe transition in these challenging times.

Kind regards

Prof. Dr Branislava Miljković

President of the Pharmaceutical Association of Serbia
