SOCIETA' ITALIANA DI FARMACIA OSPEDALIERA E DEI SERVIZI FARMACEUTICI DELLE AZIENDE SANITARIE

Milano, 22nd January 2021

to President EAHP
European Association Hospital Pharmacy Board
and Nomination Committee

Object: letter of support association – candidate Piera Polidori

Dear President,

Dear Colleagues of the EAHP Board and Nomination Committee,

We strongly recommend our Italian hospital pharmacist, Piera Polidori, active member of SIFO.

During our past national elections, she received a large consensus by his colleagues resulting elected as a member of the Executive Board.

During our present national elections, Piera was elected to the Board of Statutory Auditors, receiving the role of Chairman.

She has always been, and still is, active in many projects, activities, training and research promoted by our scientific society.

We have encharged her of important positions:

- Scientific Director
- Vice President
- National Referent for International and European scientific societies, for her positive collaboration with ESCP and EAHP
- Coordinator of delegates SIFO-EAHP
- Delegate for SIFO of several working-group within
 - the Italian Health Minister for the development of the national recommendations to prevent medication errors (Medicine Reconciliation, Look alike-Sound alike drugs, Oncological drug , Drug Management etc.) and for the management of the innovation in the field of medical supplies.
 - the Italian Medicines Agency (AIFA): AIFA registries, Unit dose and repackaging, etc.

About her:

As a pharmacist, she owns the best knowledge and experience on Italian hospital pharmacy. She is adjunct professor of Quality Assurance System and Clinical Risk Management at the University of Palermo. She has an International fellowship in Clinical Pharmacy with the University of Pittsburg Medical Center. Through this scientific collaboration, she has managed to organize an abroad exchange-program for some young Italian pharmacists. She promotes numerous training and research programs. She is the author of more than 100 scientific publications. She promoted several research projects (thanks her expertise and her role of head department of clinical pharmacy in a research institute) and was responsible for an important national project in antimicrobial stewardship in Italy.

For all these reasons, we really believe that her contribute in the EAHP board will be very important and useful for all European members.

Best regards,
Arturo Cavaliere
President
