EAHP BOOST PROGRAMME SCHEDULE

EAHP confirms that the Speakers and the Scientific Committee members responsible for the development of the Congress programme have signed and submitted the Conflict of Interest Disclosure forms.

**Indicates speaker or SC member has stated a conflict of interest which has been reviewed and accepted. See speakers' biographies page for more information in the full programme.*

Free Wi-Fi service will be available throughout the event centre.
The Wi-Fi network name is **EAHPBOOST** - Password: **EAHPBOOST 24**

EAHP is bringing two exquisite education events intended for hospital pharmacists and healthcare professionals across Europe, to gain additional knowledge and skills on how cutting-edge technologies shape medicine's printing, production, dispensing and bed-side scanning. EAHP Boost and EAHP Synergy Master Class will provide hospital pharmacists and healthcare professionals with a unique opportunity firstly to learn, improve and acquire new knowledge on how advanced technology and digital solutions may secure optimized patient outcomes, reduce medication errors and enhance operational efficiency. Secondly, in order to move forward with digitization and automatization in their healthcare settings, hospital pharmacists and healthcare professionals will be gaining skills in writing a successful business case so they can blend hi-tech knowledge integrated into real patient care settings, where improving patients' outcomes lead the way to change of healthcare services provision.

Boost your patient care in your hospital through digital and automatic solutions brought to you by European experts at EAHP BOOST!

Build your confidence, strategy and leadership skills! Write your business case to transform your hospital pharmacy based on experts' guidance and suggestions brought to you via EAHP Synergy Master Class!

Best wishes,

Nenad Miljković, EAHP President
